

Appendix 2

Conditions for use of the ALADIN HIRLAM System, or parts thereof, for scientific or technical non-commercial research purposes by users outside the ALADIN and HIRLAM Members

- (1) The list of codes of the ALADIN-HIRLAM System to which the user is granted access shall be notified to the user as part of the licence, and communicated to the ALADIN General Assembly and the HIRLAM Council. That list shall not include codes of the ALADIN-HIRLAM System that are not fully owned by either consortium, unless the owner of such codes has transferred appropriate rights to license the code.
- (2) The user shall not have access to the original version of the full ALADIN HIRLAM System available at ECMWF or other installations, or elements thereof. He/she shall make use of separate authorised copies of appropriate parts of the system kept under his or her own responsibility.
- (3) Under no circumstances shall the user pass on or sell the ALADIN-HIRLAM System or parts thereof which he/she has access to, to any third party without the written consent of the ALADIN Assembly and the HIRLAM Council. This restriction also applies to distribution over electronic networks such as the Internet.
- (4) Under no circumstances shall the user pass on or sell meteorological or climatological products based on the ALADIN HIRLAM System or parts thereof to any third party.
- (5) All results of research carried out with the licensed software shall be made available to the ALADIN and HIRLAM Consortium Members with appropriate rights to use such results.
- (6) In the publication resulting from the research carried out, the origin of the system shall be acknowledged by the following text: “The ALADIN HIRLAM System was made available by the ALADIN and HIRLAM Consortia involving the national meteorological services of <list of Members>”.
- (7) Access to the ALADIN - HIRLAM System or elements thereof shall be for a period of three years from the date of signing the license agreement. The Licensee shall provide annually a full report of research carried out in relation to the license agreement.
- (8) The license is for the user while at specified affiliation. The license is rescinded if the user leaves that affiliation and all installed elements of the ALADIN - HIRLAM System he/she was granted access to have to be removed. Instead a new application may be made.
- (9) A copy of the source code of all software developed directly as a result of the research involving the ALADIN HIRLAM System shall be made available to the Members of the ALADIN and HIRLAM consortia with full, irrevocable rights to use any such software for any purpose.

- (10) The Members of the ALADIN and HIRLAM consortia do not guarantee the correctness of the licensed codes in any sense, nor do they accept any responsibility for their maintenance or updating.
- (11) The Members of the ALADIN and HIRLAM consortia accept no responsibility for damage, financially or otherwise, caused by the use of any part of the licensed codes.
